InternApp Fall 2021 Version/Branch Intellectual Property Agreement

This Intellectual Property Contribution and Assignment Agreement (the "Agreement") is made as of **22 October**, **2021** by and between the members of **Team Banco** (the "Company"), **Dr.** Latanya P. Hammonds-Odie, Dr. Lissa Pollacia (the "Partners"), and Dr. Cengiz Gunay (the "Sponsor"). This Intellectual Property Agreement aims to declare who claims and shares intellectual ownership of the Fall 2021 Version/Branch of the **InternApp** (the "Product") web application. The Agreement is exclusively based for the Intellectual claims for the Contributions to the modified Licensed material, the Product, and does not seek to offer or impose any additional or different terms or conditions on, or apply any Effective Technological Measures to, the Adapted Material that restrict exercise of the rights granted under the Adapter's License the Company, **Team Banco**, has applied. This Agreement is separate from and independent of the terms and conditions of the Public License applied by the original Licensors - the development teams, Partners and Sponsor that claim the Fall 2016 Version/Branch, Spring 2017 Verison/Branch, Fall 2018 Version/Branch, and the Fall 2019 Version/Branch respectively - of the Licensed Material. The Product is to be licensed under the domain of the Creative Commons Attribution-ShareAlike 4.0 International Public License. Identification for all those who are designated for Attribution of the Licensed Material are specified in the Fall 2021 Branch for the modified, Adapted Material - the Product at: https://github.com/GGC-SD/internapp/tree/master

All parties have agreed that Partners **Dr. Lissa Pollacia** and **Dr. Latanya P. Hammonds-Odie** will receive an equal share of 10%, totaling 5% each of intellectual claim for the Product. Company members of **Team Banco**: **Jordan Harrison, Matthew Rosario, Michael Murillo** will receive an equal share of 18% for each member, totaling 90% of intellectual claim for the Product. The Sponsor, **Dr. Cengiz Gunay,** would be assigned 0% of intellectual claim for the Product. Such percentages of Intellectual claim were concluded based on the contributions of: the additions of new features onto the credited codebase by the Company and advocated direction from the Partners of what new features and modifications to append to the already existing, credited, Licensed Material. (Intellectual claim includes entire rights, title and interest in and to any and all of the properties that exist as of the date hereof.)
